March 10, 2026

RFP #26-011 Mid-Life Transit Vehicle Overhaul issued on January 15, 2026. This Addendum is being issued to clarify the RFP documents and shall supersede and supplement all portions of previously issued RFP documents with which it conflicts.

NOTE: Due date for proposal submissions has been extended to March 24, 2026 @ 2:00 PM EST. This is to accommodate changes to the Scope of Work that will be issued in the next Addendum. These changes are expected to be published tomorrow and will mostly include deletions and/or moving some work items to the Optional Scope to help PVTA remain in budget for this project.

All other requirements of the RFP shall remain in full force and effect.
